BS in Biological Science Education (282024) MAP Sheet
Life Sciences, Biology
For students entering the degree program during the 2022-2023 curricular year.
This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/advisement/licensure or contact Education Student Services, 350 MCKB, (801) 422-3426.

Graduation Requirements:
| Minimum residence hours required | 30.0 |
| Minimum hours needed to graduate | 120.0 |

Suggested Sequence of Courses
Freshman Year
1st Semester
First-year Writing or American Heritage 3.0
BIO 130
CHEM 105
Quantitative Reasoning (if needed) 0-3.0
Religion Cornerstone course 2.0
General electives 0-3.0
Total Hours 16.0
2nd Semester

*THESE CLASSES FILL BOTH UNIVERSITY CORE AND PROGRAM REQUIREMENTS (16 hours overlap)
A HTG 100 or 1st Year Writing 3.0
BIO 2204.0
BIO 2304.0
GEOL 1013.0
Religion Cornerstone course 2.0
Total Hours 16.0
Application for Bio 276 due by Aug 15.

Sophomore Year
3rd Semester
BIO 276 (F-1st term) 3.0
SC ED 350 (F-2nd term) 2.0
BIO 2353.0
PHSCS 1053.0
Civilization 1 elective 3.0
Religion Cornerstone course 2.0
Total Hours 16.0

4th Semester
BIO 3503.0
MMBIO 2403.0
CPSE 4022.0
SC ED 3533.0
Civilization 2 elective 3.0
Religion cornerstone course 2.0
Total Hours 16.0

Junior Year
5th Semester
BIO 3804.0
BIO 4413.0
STAT 1213.0
IP&T 3711.0
Religion elective 2.0
General electives 2.0
Total Hours 15.0

6th Semester
BIO 4703.0
PWS 3403.0
IP&T 3721.0
IP&T 3731.0
Adv. Written & Oral Communication 3.0
Religion elective 2.0
Arts or Letters elective 3.0
Total Hours 16.0
Student teaching application due Sept. 15.

Senior Year
7th Semester
BIO 377, 378, 3795.0
BIO 4204.0
Arts or Letters elective 3.0
Religion elective 2.0
**Social Science elective** 3.0  
**Total Hours** 17.0  

**8th Semester**  
BIO 476 12.0  
**Total Hours** 12.0  

*Note: CPSE 402, Sc Ed 350, 353 may be taken in any sequence.*  

Note: This degree program requires a minimum of 120 hours for graduation. Students are encouraged to complete an average of 15 credit hours each semester or 30 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.  

**BS in Biological Science Education (282024) 2022-2023 Program Requirements (81 Credit Hours)**  

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.  

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.  

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.  

Students wishing to enter the Biological Science Education (BSE) program must declare the premajor, complete Bio 130, Bio 220, Chem 105, and Bio 276, and meet and maintain minimum GPA requirements of 2.85 in the major and 3.0 cumulative, prior to making application via educator.byu.edu. Students obtaining a teaching minor must also student teach at least one period in the minor, when available.  

### Requirement 1: Complete 7 courses  
Biology core. NOTE: Bio 420, 421 must be taken at BYU.  
* BIO 130 - Biology 4.0  
BIO 220 - Biological Diversity: Animals 4.0  
BIO 230 - Biological Diversity: Plants 4.0  
BIO 350 - Ecology 3.0  
BIO 420 - Evolutionary Biology 4.0  
MMBIO 240 - Molecular Biology 3.0  
PWS 340 - Genetics 3.0

### Requirement 2: Complete 7 courses  
BIO 235 - Field Botany 3.0  
BIO 280 - Comparative Animal Physiology and Anatomy 4.0  
BIO 441 - Entomology 3.0  
* CHEM 105 - General College Chemistry 1 with Lab (Integrated) 4.0  
GEOL 101 - Introduction to Geology 3.0  
* PHSCS 105 - General Physics 1 3.0  
* STAT 121 - Principles of Statistics 3.0

### Requirement 3: Complete 1 course  
BIO 470 - History and Philosophy of Biology 3.0

### Requirement 4: Complete 2 options  
Professional Education Component:  
option 4.1: Complete 10 courses  
BIO 276 - Exploration of Teaching in Biological Sciences 3.0  
BIO 377 - Teaching Methods and Instruction in Biology 3.0  
BIO 378 - Practicum in Biology Teaching 1.0
BIO 379 - Classroom Management and Laboratory Safety 1.0
CPSE 402 - Educating Students with Disabilities in Secondary Classrooms 2.0
IP&T 371 - Integrating K-12 Educational Technology 1 1.0
IP&T 372 - Integrating K-12 Educational Technology 2 1.0
IP&T 373 - Teaching in K-12 Online and Blended Learning Contexts 1.0
SC ED 350 - Adolescent Development in an Education Context 2.0
SC ED 353 - Multicultural Education for Secondary Education 3.0
Note 1: Application on educator.byu.edu, including FBI fingerprint and background clearance, must be completed prior to enrollment in Bio 276.
Note 2: Bio 377, 378, and 379 should be taken concurrently in the semester prior to taking Bio 476.
Note 3: Most states require the Biology Praxis Exam for employment in High School and the Middle Level Science Praxis Exam for teaching in grades 6-8.

option 4.2 Complete 12.0 hours from the following course(s)
BIO 476 - Biology Student Teaching 12.0
BIO 496R - Secondary Teaching Internship 12.0
You may take up to 12 credit hours.
Recommended Complete 12 courses
Although not required, these courses are recommended.
BIO 430 - Plant Classification and Identification 4.0
BIO 443 - Ichthyology 3.0
BIO 445 - Herpetology 4.0
BIO 447 - Mammalogy 3.0
BIO 452 - Marine Biology 4.0
BIO 463 - Genetics of Human Disease 3.0
GEOL 103 - Life of the Past 3.0
GEOL 112 - Historical Geology 4.0
MATH 112 - Calculus 1 4.0
PHSCS 127 - Descriptive Astronomy 3.0
PHSCS 137 - Energy, Climate, and the Environment 3.0
PWS 282 - Soil Science 3.0
PWS 283 - Soil Science Laboratory 1.0
PWS 446 - Ornithology 3.0

THE DISCIPLINE:
Biology teachers can help students in public schools catch a vision of the exciting future in biology. Students study both the discipline of biology and the techniques of science education. Teaching junior and senior high school students about the broad areas of biology requires an understanding of botany, molecular biology and zoology. Biology teachers must have exposure and limited expertise in chemistry, physics, mathematics and geology. Biology teachers also must understand how to plan and carry out lab investigations, field trips and multi disciplinary activities that bring junior and senior high school students into the study of biology. Their role is to help students see the inter-relationships among science, society, and technology and the resulting bioethical concerns.

STUDENT TEACHING AND INTERNSHIPS:
Student teaching is normally completed during the senior year and must occur within the state of Utah. Some half-salary teaching internships are available annually. The intern experience counts for student-teaching credit. Applications for winter student teaching are due Sept. 15.

APPLICATION TO PROGRAM:
Admission to teaching program is by application. All candidates must be declared Biological Science Education pre- majors prior to application. All students are required to have a minimum GPA of 3.0 with no grade lower than a C in any required class. The following classes must be taken prior to Bio 276: Bio 130, Bio 220, and Chem 105. Application is found at https://educator.byu.edu.

FINANCING:
Many undergraduate students work about 20 hours per week. Upper- class students may work as assistants in the science education teaching and
research programs. These assistantships are only available after students have successfully completed Bio 276.

BS in Biological Science Education (282024) 2022-2023

CAREERS:
The Biological Science Education major prepares students specifically for teaching life sciences in public and private schools. At the high school level this includes general biology, anatomy, physiology, botany, zoology, AP biology and many other life science subjects. At the junior high school level this includes life science and general or integrated science. Students completing the program are licensed and endorsed to teach in the State of Utah. This license easily transfers to most other states. Many teachers have summer jobs in fields related to biology teaching. This includes work with the Forest Service, Wildlife Division, Park Service, city summer recreation programs, etc. Teachers may also obtain employment in informal education settings, such as science museums, zoos, etc. This major also provides a foundation for obtaining advanced degrees in the sciences or education that would enable students to teach in higher education or work as a school counselor, administrator, or district/state science specialist.

FACILITIES:
Science education facilities at BYU include a science education laboratory and teaching area.

MAP DISCLAIMER
While every reasonable effort is made to ensure accuracy, there are some student populations that could have exceptions to listed requirements. Please refer to the university catalog and your college advisement center/department for complete guidelines.
