Note: It is the student’s responsibility to be sure that the Praxis test has been taken and that BYU has received the test scores and that their fingerprint background clearance is current. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements contact Education Advisement Center, 350 MCKB, 422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Note: The sequence of courses suggested may not fit the circumstances of every student. Students should contact their college advisement center for help in outlining an efficient schedule.

Note: Students are encouraged to complete an average of 15 credit hours each semester or 30 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.

Note: It is the student's responsibility to be sure that the Praxis test has been taken and that BYU has received the test scores, that their fingerprint background clearance is current, and that state licensing fees have been paid prior to graduation. Students are strongly discouraged from working another job during the time of their student teaching/internship. In addition, students must pass the PPAT assessment to graduate and receive a teaching license. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements contact the Education Advisement Center, 350 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

THE DISCIPLINE
The Department of Teacher Education provides a program that licenses secondary teachers for public schools. In addition to content courses in the field(s) in which they plan to teach, students complete professional education courses and practicum experiences that prepare them to teach in a secondary school setting.

CAREER OPPORTUNITIES:
The Social Science Teaching program prepares students for education related careers. Those who meet all requirements graduate with a Utah
teaching license that is also recognized provisionally by most other states. Social Science Teaching majors are certified to teach history, geography, economics, political science, psychology, sociology, and anthropology in secondary schools. They are also prepared to work in curriculum development, as educational consultants in museums and at historic sites, and in other social studies education related careers.

MAP DISCLAIMER
While every reasonable effort is made to ensure accuracy, there are some student populations that could have exceptions to listed requirements. Please refer to the university catalog and your college advisement center/department for complete guidelines.
