BA in Japanese (552021)

2022-2023 Program Requirements (44 - 60 Credit Hours)

Students will be required to pass the reading proficiency exam (80% or higher) prior to enrollment in Japan 405.

Counsel with advisor to determine supporting courses appropriate to your professional goals.

It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

RECOMMENDED

It is recommended that students complete ENGL 311 or similar courses before enrolling in advanced literature courses.

THE DISCIPLINE:

The study of Japanese at the university level will provide you with advanced language skills and a greater understanding of Japan and its people. Although Japan’s growing influence is widely recognized, the rich cultural heritage of Japan in literature, thought, painting, music, and the other arts is not as well known. The study of Japanese language and literature will introduce you to many of the major aspects of that heritage while preparing you to undertake careers in a wide variety of fields.

CAREERS:

In recent years, graduates from the Japanese major at BYU have gone on to law or MBA programs, others have continued on to medical school, and a few have pursued graduate work in a variety of academic fields at some of the most prestigious universities in the country.

Others have gone directly to work in government service, in the military, and in American or Japanese business firms where their language ability and cultural background are in high demand.

NOTE:

It is recommended that majors complete a language residency program including, but not limited to, Japanese Study Abroad, Japanese internship, study at a Japanese university, or one semester in the Foreign Language Student Residence. Other residency programs must be approved by the Chinese section head.
