BS in Nursing (610122) MAP Sheet
Nursing, Nursing Program
For students entering the degree program during the 2022-2023 curricular year.
This is a limited enrollment program requiring college admissions approval. Students must complete all required pre-requisites prior to application
deadline and at least 25 total credits. Students with more than 75 BYU credits and/or 100 total credits (including transfer credits) are not eligible for
application. Please see the college advisement center office for information regarding requirements for admission to this major. Admission
requirements are also detailed in the BYU Undergraduate Catalog.

University Core and Graduation Requirements
University Core Requirements:

**Students attending a local section will only take 3.5 credits and all other sections will take 6.0 credits.
### Senior Year

#### 7th Semester
- **NURS 4612.5**
- **NURS 4622.0**
- **NURS 4713.0**
- **NURS 4722.5**
- **NURS 4731.0**
- Religion elective 2.0
- University Core (Arts/Letters/Civilization) 0-5.5
- **Total Hours 12.5-18.0**

#### 8th Semester
- **NURS 4912.0**
- **NURS 4925**
- Religion elective 2.0
- **NURS 390R NCLEX Review (optional) 2.0V**
- **Total Hours 11V**

---

Note: Students are encouraged to complete an average of 14-15 credit hours each semester or 28-30 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.

BS in Nursing (610122) 2022-2023 Program Requirements (91 - 92 Credit Hours)

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

A 'C' grade or above must be maintained in all required courses.

#### requirement 1
Complete 3 options

**Prerequisite courses:**
- option 1.1 Complete 2 courses
  - **CHEM 285** - Introductory Bio-organic Chemistry 4.0
  - **NDFS 100** - Essentials of Human Nutrition 3.0
  - Note: Chem 101 or an acceptable score on the Chemistry Placement Exam is prerequisite to Chem 285 if the student has completed no previous chemistry course work.

- option 1.2 Complete 1 course
  - **CELL 210** - Human Anatomy (with virtual lab) 3.0
  - **CELL 220** - Human Anatomy (with lab) 4.0

- option 1.3 Complete 1 course
  - **PSYCH 220** - Human Development: Life Span 3.0
  - **SFL 210** - Human Development 3.0

#### requirement 2
Complete 1 option

**Supporting courses:**
- option 2.1 Complete 6 courses
  - **CELL 305** - Human Physiology 4.0
  - **CELL 365** - Pathophysiology 4.0
  - **MMBIO 221** - General Microbiology 3.0
  - **MMBIO 222** - General Microbiology Laboratory 1.0
  - **PSYCH 111** - Introduction to Psychological Science 3.0
  - **STAT 121** - Principles of Statistics 3.0
  - Note: Math 110 (or equivalent) may need to be taken prior to Stat 121.

#### requirement 3
Complete 23 courses
- **NURS 291** - Nursing Care of the Older Adult 2.0
NURS 292 - Clinical Practicum for Nursing Care of the Older Adult 1.5
NURS 294 - Health Assessment and Promotion 3.0
NURS 295 - Fundamental Nursing Concepts and Care 3.0
NURS 296 - Introduction to Public and Population Health Nursing 1.5
NURS 300 - Pharmacology in Nursing 3.0
NURS 320 - Scholarly Inquiry in Nursing 3.0
NURS 339 - Ethics in Nursing 2.0
NURS 341 - Nursing Care of Adults with Acute and Chronic Illnesses 3.0
NURS 342 - Clinical Practicum for Nursing Care of Adults with Acute and Chronic Illnesses 3.5
NURS 343 - Lab/Simulation for Nursing Care of Adults with Acute and Chronic Illnesses 1.0
NURS 351 - Nursing Care of Women and Newborns 2.0
NURS 352 - Clinical Practicum for Nursing Care of Women and Newborns 2.0
NURS 361 - Nursing Care of Children and Families 2.0
NURS 362 - Clinical Practicum for Nursing Care of Children and Families 2.0
NURS 403 - Public and Global Health Nursing 3.0
NURS 461 - Psychiatric and Mental Health Nursing 2.5
NURS 462 - Clinical Practicum for Psychiatric and Mental Health Nursing 2.0
NURS 471 - Nursing Care of Adults in Crisis 3.0
NURS 472 - Clinical Practicum for Adults in Crisis 2.5
NURS 473 - Lab/Simulation for Adults in Crisis 1.0
NURS 491 - Nursing Capstone 2.0
NURS 492 - Clinical Practicum for Capstone Nursing 5.0

requirement 4 Complete 3.5 hours from the following course(s)
Complete a minimum of 3.5 credit hours
NURS 404 - Clinical Practicum Public and Global Health Nursing 6.0v

THE DISCIPLINE:
Brigham Young University's baccalaureate nursing program prepares general clinicians with the knowledge, competencies, leadership abilities, and values commensurate with professional nursing practice. Nursing education builds on the AACN Baccalaureate Essentials, sciences, humanities, and religious studies to develop a strong theoretical and practical base necessary to promote health and wellness of individuals, families and communities in various acute and population-based health care settings.

Learning comes alive as students move from the classroom through the clinical simulation laboratory to actual patient care. Students assess, interpret, and respond to actual and simulated patient scenarios in an effort to promote, restore, or maintain health. Baccalaureate graduates develop their ability to be sensitive to the welfare of others, communicate effectively, evaluate and apply research findings, think critically, solve problems, and utilize appropriate technology as they provide quality nursing care to people of all ages and from diverse backgrounds.

CAREER OPPORTUNITIES:
This program meets the educational requirements designed to lead to an occupational license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements. See https://enrollment.byu.edu/financialaid/occupationally-required-professional-licenses-or-certifications. Graduates have career opportunities in various healthcare settings. Those include but are not limited to case management, critical care, discharge planning, emergency/trauma, environmental health, forensics, gerontology, health promotion, home health, hospice, maternal/newborn, medical/surgical, oncology, orthopedics, pediatrics, perioperative, population and community health, psychiatric, and rehabilitation.

GRADUATION REQUIREMENTS:
To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The university core, consisting of requirements in general and religious education (See the University Core section of the catalog for details. For a complete listing of courses that meet university core requirements, see the current class schedule.)
A minimum of 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student.

- A minimum of 120 credit hours.
- A cumulative GPA of at least 2.0.

FINANCING:
Many students work during the nursing program. However, due to the rigorous nature of the program, we highly recommend students work no more than 15 hours per week. Some students find employment as research/teaching assistants, in on-campus labs or in other summer employment opportunities. Students can apply for scholarships and financial aid. Scholarship and financial aid information is available in the Nursing Advisement Center, (801) 422-4173.

STUDENT ORGANIZATIONS:
The College of Nursing has 3 student clubs: 1.) The Student Nurses Association (SNA) is an active pre-professional student organization providing activities and service opportunities. See their website click here or contact the SNA for more information at byusna@gmail.com. 2.) The Nurses Empowering Women (NEW) BS in Nursing (610122)2022-2023 is a club that helps nurses gain the skills and abilities to empower women to speak up, reach out, and heal the world from the inside out. For more information please contact: nursesempoweringwomen@gmail.com. 3.) The Spanish for Nurses helps effectively and therapeutically communicate with Spanish-speaking patients, family members, and coworkers in the clinical setting.

EDUCATIONAL EXPERIENCES:
Educational experiences are generally located in the Wasatch Front. Didactic (classroom) courses are taught in Provo or online in various instruction modes. Each student needs access to a computer with stable internet connection and a quiet, private study area. The College of Nursing makes extensive cooperative use of hospitals and healthcare facilities in many sites in Utah and selected rural sites, including some international experiences. Visits to agencies and client homes may also be required. To achieve the best possible clinical education, students will need to travel throughout their course work. Access to a car is highly recommended. Students are responsible for their own transportation. Multicultural and international clinical experiences are also available during a specific spring term in the program.

College of Nursing Administration
