BS in Physical Education Tchg/Coaching (K-12) (663423) 2022-2023 Program Requirements (63 - 66 Credit Hours)

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to [https://www.schools.utah.gov/curr/licensing](https://www.schools.utah.gov/curr/licensing) or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

Students who are interested in the program should meet with the Physical Education Teaching Education program director (249-D SFH) and Education Student Services (350 MCKB) in September of their sophomore year. Then they must complete an online application (found at [http://educator.byu.edu](http://educator.byu.edu)). Applications for the Physical Education Teaching Education program are due February 15 for Fall semester.

A teaching minor is not required for licensure. However, it is strongly recommended (approximately 16-30 hours).

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact the Education Advisement Center, 350 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed. Complete the PRAXIS II exam.

THE DISCIPLINE

Students preparing to teach physical education and/or coach will have a variety of experiences that will enhance proficiency in the knowledge and skills requisite to work in the contemporary school setting. Majors learn to perform a variety of sport, fitness, and dance activities. After becoming proficient, students take courses and have practical experiences in teaching and coaching children, adolescents, and adults. The discipline is interesting and rewarding, and those in a teaching/coaching career help others pursue and practice healthy lifestyle habits.

CAREER OPPORTUNITIES

A degree in Physical Education Teaching/Coaching leads to a kindergarten through grade 12 teaching license which qualifies graduates to teach these grades in public and private schools in Utah. Teaching job opportunities are available in many states through reciprocal agreements based upon national accreditation. Graduates are also qualified to coach in secondary educational settings. Students desiring to be optimally employable in secondary schools should also complete an approved teaching minor. Physical Education/Coaching graduates have other career options such as being a: coach outside the school setting, personal trainer, athletic director, camp administrator, or teacher in a recreation center. Graduates are well-positioned to pursue advanced degrees in order to facilitate professional development at the district and state administration levels or to qualify to teach or coach in higher education.

ADMISSION TO THE PROGRAM

The Physical Education Teaching/Coaching program accepts all students who meet the admission requirements. Students who are interested in the program should meet with the PETE program coordinator (249-E SFH) and the Education Advisement Center (350 MCKB) in their sophomore year.
Apply to the program by February 15 for Fall semester (early application deadline).
